The corporate governance of Nippon Shinyaku Co., Ltd. (the “Company”) is described below.

I. Basic Views on Corporate Governance, Capital Structure, Corporate Profile and Other Basic Information

1. Basic Views

At Nippon Shinyaku, we recognize that it is a critical management priority to fulfill our accountability to all stakeholders, by securing the transparency of management in order to raise our corporate value through social contributions. This makes it essential for our corporate governance to function effectively, and we are committed to further enhancing corporate governance structure.

The basic views and basic policies on corporate governance of the Company have been compiled and posted on our website in the “Corporate Governance Basic Policy.”

https://www.nippon-shinyaku.co.jp/english/ir/esg_management/governance.php

[Reasons for Non-compliance with the Principles of the Corporate Governance Code]

[Supplementary Principle 4.2.1]

Remuneration for the Current Executive Directors of the Company is detailed under “[Director Remuneration] Policy on Determining Remuneration Amounts and Calculation Methods” in “II. 1. Organizational Composition and Operation” of this report.

While we have not yet introduced a remuneration system linked to mid-term and long-term results or an employee stock ownership plan, we recognize that the introduction of these systems is an issue to be considered in the future.

[Disclosure Based on the Principles of the Corporate Governance Code] **UPDATED**

[Principle 1.4]

The Board of Directors will inspect and confirm the rationality and economic significance regarding the purpose of holding each individual cross-shareholding, taking into consideration the capital requirements, the market environment, etc., and the Company will in turn proceed to reduce cross-shareholdings in which the significance of retention is immaterial.

Regarding the exercise of voting rights pertaining to cross-shareholdings, we will judge the situation based on whether or not it contributes to improving the corporate value of the Company or the issuing company, and will respond appropriately.

[Principle 1.7]

“Basic Policy on Transactions with Related Parties” is detailed in the “Corporate Governance Basic Policy” (see Article 7).

[Supplementary Principle 2.4.1]

Our policies for human resource development and internal environment development to ensure diversity have been disclosed on our website, the Integrated Report (Annual Report), etc.

https://www.nippon-shinyaku.co.jp/english/ir/ir_library/annual_report.php

(i) Information about the promotion of women to core human resources and other initiatives to empower female employees have been disclosed on our website, the Integrated Report (Annual Report), etc.

https://www.nippon-shinyaku.co.jp/english/ir/ir_library/annual_report.php

(ii) Development of global business is one of the actions set out in the 6th Five-year Medium-term Management Plan, and we hire foreign nationals mainly in divisions related to global business and in our U.S. subsidiary. We plan to increase the proportion of foreign nationals in managerial positions in our Group, which is currently 8%, in line with the further development of global business.

(iii) To adapt to the globalization of our business and other changes in the business environment, we will reform the organizational climate and improve corporate value by taking in the high level of expertise and diversity brought about by mid-career hires. Currently, the proportion of mid-career hires in managerial positions in the Company is 6%. As around 10 mid-career hires joined the Company every year for the past few years, we plan to increase their promotion to managerial positions.

[Principle 2.6]

We fully recognize that management of our corporate pension funds has influence on the stable asset formulation of our employees as well as our own financial condition, and Nippon Shinyaku Corporate Pension Fund have established an Asset Management Committee composed of internal experts, including members from the financial division and the planning division, to decide on management policy and formulate an appropriate management system.

[Principle 3.1]

(i) Our business philosophy, management policy, guidelines for action, the 6th Five-year Medium-term Management Plan, etc., have been disclosed on our website, the Integrated Report (Annual Report), etc.

https://www.nippon-shinyaku.co.jp/english/ir/ir_library/annual_report.php

(ii) Our basic views and basic policies on corporate governance have been compiled in the “Corporate Governance Basic Policy” mentioned above, and have been disclosed on our website, the Integrated Report, and elsewhere.

https://www.nippon-shinyaku.co.jp/english/ir/esg_management/governance.php

(iii) The policy, procedures, etc., that the Board of Directors follows upon determining the remuneration of Directors is detailed in the “Corporate Governance Basic Policy” (see Article 34).

(iv) The policy, procedures, etc., that the Board of Directors follows upon nominating candidates for Directors and Corporate Auditors and appointing or dismissing Directors and Corporate Auditors is detailed in the “Corporate Governance Basic Policy” (see Article 14, Article 19, and Article 20).

(v) Regarding the appointment and nomination of candidates for Directors and Corporate Auditors, their individual careers and reasons for appointment are detailed in the Reference Documents for the General Meeting of Shareholders.

[Supplementary Principle 3.1.3]

Our sustainability initiatives have been disclosed on our website, the Integrated Report (Annual Report), etc. With regard to human capital, we consider human resources as a driving force for the achievement of sustainable growth. The 6th Five-year Medium-term Management Plan sets out “creation of organizational climate in which each employee can be active” as one of the key actions, and we have been enhancing various systems for human resource development, creating a better working environment, and taking other relevant measures. As for intellectual property, we recognize its importance in exploring new modalities of drug discovery and expanding our business globally. We promote the protection and use of intellectual property, and the Intellectual Property Department and other R&D departments work together to use the information

on intellectual property for R&D strategies and business strategies. The 6th Five-year Medium-term Management Plan lays out investment plans, including human capital investment and R&D investment, and the Board of Directors, the Management Policy Review Group, etc. supervise the progress.

Details of initiatives related to human capital and intellectual property have been disclosed on our website, the Integrated Report (Annual Report), etc.

https://www.nippon-shinyaku.co.jp/english/sustainability/esg/social/human_resources.php

<https://www.nippon-shinyaku.co.jp/english/rd/policy.php>

Our initiatives to address climate change have been disclosed on our website.

Taking into consideration the impact of climate change, caused by global warming, on our business and finance, we have identified climate-related risks and expressed our endorsement of the Task Force on Climate-related Financial Disclosures (TCFD) recommendations in December 2021. In addition to addressing risks that have already been identified from the perspective of risk management, we conducted a scenario analysis of risks and opportunities concerning climate change in accordance with the framework of the TCFD recommendations. We will continue discussing specific initiatives for the risks and opportunities thus identified, while at the same time enhancing the disclosure of relevant information.

<https://www.nippon-shinyaku.co.jp/english/sustainability/esg/environment/climatechange.php>

[Supplementary Principle 4.1.1]

At the Company, resolutions by the Board of Directors and matters delegated to management are clearly defined in the Rules of the Board of Directors and other internal rules, etc.

The Board of Directors carries resolutions on matters that require resolution by the Board of Directors provided for in laws, regulations or the Articles of Incorporation, matters delegated to be determined by the Board of Directors at the General Meeting of Shareholders, important matters related to management, and other matters deemed necessary by the Board of Directors. Furthermore, the Company has established a Management Policy Review Group and adopted a corporate officer system to perform swift and smooth decision-making and business operations.

[Principle 4.9]

The “criteria for judgment of independence” used when appointing Independent External Directors and Independent External Auditors is detailed under Attachment 2 “Criteria for Judgment of Independence” of the “Corporate Governance Basic Policy.”

[Supplementary Principle 4.10.1]

In order to strengthen independence, objectivity, and accountability of the Board of Directors in regard to the nomination of Directors and Corporate Auditors and the provision of remuneration, the Company has established a Nominating Committee and Remuneration Committee under the Board of Directors.

Our views on the independence of the Committees’ composition, their authority and roles, and other relevant matters have been disclosed in the securities reports.

[Supplementary Principle 4.11.1]

We have set out our views on the overall balance of knowledge, experience, and skills, as well as the diversity and size, of the Board of Directors. Our policy on and procedures for the appointment of Directors are detailed in the “Corporate Governance Basic Policy” (see Article 19).

A skills matrix has been created to show the expertise and experience each Director and Corporate Auditor has.

Independent External Directors include those who have experience in corporate management at other companies.

[Supplementary Principle 4.11.2]

The status of concurrently held positions by Directors and Corporate Auditors are disclosed every year in the Notice of the General Meeting of Shareholders and securities reports.

In addition, important information on positions concurrently held by External Directors and External Auditors as of the publishing of this report is detailed under “[Directors] External Directors’ Relationship with the Company (1)” in “II. 1. Organizational Composition and Operation” and “[Corporate Auditors] External Auditors’ Relationship with the Company (1)” in the same section of this report.

[Supplementary Principle 4.11.3]

Our policy on the analysis and evaluation of the effectiveness of the Board of Directors is detailed in the “Corporate Governance Basic Policy” (see Article 33).

Once each year, we evaluate the effectiveness of the Board of Directors at a Board of Directors meeting in an effort to bring about improvements that will enhance its effectiveness. In order to analyze and evaluate the overall effectiveness of the Board of Directors, in FY2021 we implemented a self-evaluation survey for all Directors. As a result, we were able to confirm that within the Board of Directors, each Executive Director and External Director continued to actively make remarks, that open-minded and constructive discussion was pursued from a wide-angle perspective, and that appropriate judgment was being performed by the management, whereby we determined that the overall effectiveness of the Board of Directors was properly maintained.

Based on the results of this analysis and evaluation, the Board of Directors will focus on further invigorating and enhancing the discussions at the meetings of the Board of Directors, and continue to ensure and improve the effectiveness of the Board of Directors moving forward.

[Supplementary Principle 4.14.2]

Our policy on the education and training of Directors and Corporate Auditors is detailed in the “Corporate Governance Basic Policy” (see Article 29 and Article 30).

[Principle 5.1]

Our policy on promoting constructive dialogue with shareholders is detailed in Attachment 3 “Policy for Constructive Dialogue with Shareholders” of the “Corporate Governance Basic Policy.”

Policy on Determining Remuneration Amounts
and Calculation Methods **UPDATED**

Established

Disclosure of Policy on Determining Remuneration Amounts and Calculation Methods

Remuneration, etc. of Directors and Corporate Auditors for FY2021

(i) Matters relating to the policies on determining the details of each individual Director's remuneration, etc. Our basic policy regarding the remuneration of Directors is that it shall be within the limit of the amount of executive remuneration approved by resolution of the General Meeting of Shareholders, that it shall effectively serve as an incentive for Directors to seek the sustainable enhancement of corporate value, that the details surrounding it shall be fair and rational enough for us to fulfill our accountability to shareholders and employees, and that the level of each individual Director's remuneration shall be adequately determined by taking into account the responsibilities of their positions.

The amount of each individual Director's remuneration, which shall be within the limit of the amount of executive remuneration approved by resolution of the General Meeting of Shareholders, shall be determined through deliberations by the Remuneration Committee as delegated by the Board of Directors. The Remuneration Committee shall consist of a majority of External Directors, one of whom serves as Chairperson of the Committee.

(Remuneration of Directors (excluding External Directors))

Remuneration of Directors (excluding External Directors) of the Company comprises monthly remuneration and bonuses. Monthly remuneration is determined by evaluating the performance of each Director (excluding External Directors) and adding the amount to a fixed amount corresponding to their position. Such fixed amount corresponding to their position has been pre-determined by taking into account a comprehensive range of information, including survey data from external institutions and levels of remuneration for their counterparts at competitors. As for the bonuses commensurate with business performance for a given period, cash remuneration reflecting performance indicators is paid to raise awareness toward improving business performance for each period. Bonus amounts are determined by taking into account the performance evaluation for each Director (excluding External Directors) and calculating the amount based on the consolidated operating income for each period. Remuneration for individual Directors is determined through deliberations by the Remuneration Committee as delegated by the Board of Directors.

(Remuneration of External Directors)

Remuneration of External Directors comprises fixed remuneration only to ensure that their function to supervise management can best be fulfilled. As for the individual remuneration amount of each External Director, fixed remuneration is determined through deliberations by the Remuneration Committee as delegated by the Board of Directors.

(Remuneration of Corporate Auditors)

Remuneration of Corporate Auditors comprises fixed remuneration only to ensure that their function to audit and supervise management can best be fulfilled. As for the individual remuneration amount of each Corporate Auditor, it is determined by deliberation of the Corporate Auditors.

(ii) Matters relating to the resolutions of the General Meeting of Shareholders on the remuneration, etc. of Directors and Corporate Auditors

As for the resolution date of the General Meeting of Shareholders and its content pertaining to the remuneration, etc. of officers of the Company, the maximum amount of remuneration for Directors (10

Directors as at the relevant General Meeting of Shareholders) was determined at ¥600 million per year at the 154th Annual General Meeting of Shareholders held on June 29, 2017, while the maximum amount of remuneration for Corporate Auditors (4 Corporate Auditors as at the relevant General Meeting of Shareholders) was determined at ¥80 million per year at the 143rd Annual General Meeting of Shareholders held on June 29, 2006.

(iii) Matters relating to the delegation of authority to determine each individual Director's remuneration, etc. We determine the amount of each individual Director's remuneration within the limit of the amount of executive remuneration approved by resolution of the General Meeting of Shareholders through deliberations by the Remuneration Committee as delegated by the Board of Directors.

We decided to delegate this authority to the Remuneration Committee, which has been established under the Board of Directors and is made up of a majority of Independent External Directors, in order to improve the transparency and objectivity of the process of determining the remuneration of Directors.

Now that the remuneration amount for Directors is determined through these procedures, the Board of Directors of the Company believes that the details of each individual Director's remuneration, etc. are consistent with the above determination policy.

Members of the Remuneration Committee are as follows:

- Yukio Sugiura (External Director, Chairperson of the Committee)
- Miyuki Sakurai (External Director)
- Shigenobu Maekawa (Chairman)

(iv) Matters relating to the performance-linked remuneration

As for the performance-linked remuneration of Directors (excluding External Directors) of the Company, cash remuneration reflecting performance indicator is paid to raise their awareness toward improving the business performance of each period, and an amount determined by adding an amount commensurate with the performance evaluation of each Director (excluding External Directors) to the amount calculated based on the consolidated operating income of each period is paid as bonuses. This performance indicator is revised, as necessary, according to the changes in the environment and in light of the reports by the Remuneration Committee. Furthermore, non-monetary remunerations are not paid.

Consolidated operating income is the indicator selected for calculating performance-linked remuneration of Directors (excluding External Directors), as it is considered to be an indicator that best reflects the actual performance of the core business of the Company, and the indicator is also selected by taking into account such elements as consistency with the treatment of employees.

The targeted amount of consolidated operating income for calculating performance-linked remuneration of Directors for FY2021 was ¥28,000 million, while the actual consolidated operating income was ¥28,299 million.

[Supporting System for External Directors and/or External Auditors]

When convening meetings of the Board of Directors and the Board of Auditors, staff of the Secretarial Section will send documents related to each proposal and matters to be reported to External Directors and External Auditors in advance.

[Retired Presidents Holding Advisory Positions (Counselor, Advisor, etc.)]

Others

We have introduced a counselor and advisor system in order to ensure appropriate judgment on management. The Counselor has experience as the Representative Director of the Company, the Advisor has experience as the Senior Managing Director or Managing Director of the Company, and together, the Counselor and Advisor provide advice on necessary matters related to the management of the Company.

2. Matters on Functions of Business Execution, Auditing, Oversight, Nomination and Remuneration Decisions (Overview of Current Corporate Governance System) **UPDATED**

The Board of Directors consists of the Chairman & Representative Director, President & Representative Director, one Managing Director, five Directors, and four External Directors for a total composition of 12 members, and holds a role as the highest decision-making organization of management, convening a meeting once a month in principle, making decisions on important operations as stipulated in the Rules of the Board of Directors and overseeing business execution. The Board of Directors held 13 meetings in the previous fiscal year (from April 1, 2021 to March 31, 2022). Of items to be proposed to the Board of Directors, particularly for important cases which require prior examination, a preliminary explanation is presented by the drafting division with all Directors and Corporate Auditors present, and a question-and-answer session on the details of the case is held as well.

The Company has adopted a corporate auditor system. The Board of Auditors consists of four Corporate Auditors including two Standing Corporate Auditors and two part-time Outside Auditors. Corporate Auditors attend meetings of the Board of Directors to enhance auditing functions.

In addition to audits by the Corporate Auditors, the Audit Department which is an organization that reports directly to the Representative Directors also conducts operational audits in accordance with the Internal Auditing Regulations.

In order to strengthen independence, objectivity, and accountability of the Board of Directors in regard to the nomination of Directors and Corporate Auditors and the provision of remuneration, the Company has established the Nominating Committee and the Remuneration Committee under the Board of Directors. Each Committee is composed of three or more members, with over half of those members being Independent External Directors, and an Independent External Director acting as the Chairperson. In response to inquiries by the Board of Directors, the Nominating Committee deliberates on matters concerning the appointment and dismissal, etc., of Directors and Corporate Auditors, and subsequently reports back to the Board of Directors, whereas the Remuneration Committee deliberates on proposals at General Meetings of Shareholders concerning the remuneration of Directors and Corporate Auditors and other matters in response to inquiries by the Board of Directors and subsequently reports back to the Board of Directors. The Remuneration Committee also deliberates on and determines the details of each individual Director's remuneration, etc. as delegated by the Board of Directors.

An auditing agreement has been signed with Deloitte Touche Tohmatsu LLC as an Accounting Auditor, and we will endeavor to ensure proper accounting and transparent management. The names and number of continuous audit years of the certified public accountants assigned as Designated Limited Liability Partners of Tohmatsu are as follows. Mr. Masafumi Takami: two years, Mr. Kenji Tanaka: six years.

Furthermore, based on the regulations of Article 427, Paragraph 1 of the Companies Act, the Company has signed a contract with each External Director/Auditor to limit liability for compensation as mentioned in Article 423, Paragraph 1 of the same Act in order to ensure that External Directors and External Auditors can fully demonstrate their expected roles. These contracts limit the amount of their liability for compensation to the amount which is stipulated by laws and regulations. The aforementioned liability limitation shall be applied only in cases where the duties of the External Directors/Auditors which led to liabilities have been performed in good faith and without gross negligence.

3. Reasons for Adoption of Current Corporate Governance System

At the Company, Directors' terms of service are set at one year in order to clarify their managerial responsibilities and to flexibly form an organization conducive to optimal governance in response to the business climate. The appointment of four External Directors is intended to ensure higher level of oversight

of Directors' business execution and further improve managerial transparency and objectivity. Corporate Auditors also attend all meetings of the Board of Directors as well as important business-related meetings with independence of the two External Auditors from the Company guaranteed, whereby we believe that management supervising functions of the Board of Auditors is working properly.

Other	Nippon Shinyaku values “Develop Each Employee” as a management policy, enhancing individual ability and productivity to increase corporate value, and promoting talented personnel regardless of gender in an effort to create a vibrant organizational culture. In promoting the active participation of women, we launched the “Maru-N Supplement” project in 2011 to support women, and have continued to promote the reform of internal awareness. In addition, we have maintained a worker-friendly environment with activities such as the “Good Job” work-life balance promotion and life balance support systems for female MRs. By the end of FY2030, we aim to employ 20% of female employees in management positions (16.3% as of April 1, 2022). We will strive to actively recruit women in accordance with numerical targets, continue raising

	awareness and providing skill-up training sessions for both women and superiors, and support further active participation by women.

compliance with corporate ethics even further. In addition, we have made efforts to expand the scope of overall internal controls including risk controls to Group companies, and worked on functional enhancement mainly led by Internal Control Department.

7. The operational status of the system to ensure proper business execution

- (1) System to ensure that Directors and employees of the Company execute their duties in compliance with laws and regulations and the Articles of Incorporation

The Compliance Council comprised of members appointed by the compliance officer and the Risk Compliance Committee (renamed from the CSR Committee effective March 31, 2022) comprised of Inside Directors is convened to review and deliberate on the implementation, policy, and plan regarding compliance within the Group. In addition, departmental compliance training, training on the Code of Conduct, and level-based training covering managerial positions are implemented for all employees. The execution of duties of the Directors and employees is audited by the Corporate Auditors based on the Auditing Standards for Corporate Auditors or by the Internal Audit Department based on the internal audit plan. Furthermore, the employee hotline for compliance reporting is operated as a whistleblowing (counseling) contact point for compliance violations, through which cases of whistleblowing (counseling) are reported to the Board of Directors semiannually.

- (2) System for storage and management of information related to the execution of duties of Directors of the Company

Information is stored and managed appropriately in accordance with relevant laws and regulations such as the Companies Act and the “Information Handling and Management Rules,” and is audited by the Corporate Auditors based on the Auditing Standards for Corporate Auditors. In addition, preparing for the cases where the Directors and Corporate Auditors request to inspect any materials, etc., a system that can respond to such request has been established.

- (3) Other systems and regulations for management of risk of loss

We specify the major risks that may affect the entire Group and the major risks particular to each division based on the “Nippon Shinyaku Group’s Basic Risk Management Rules,” whereby we formulate and execute action plans with the aim of handling those risks. Furthermore, preparing for the event that a risk materializes, preventive measures for each risk and countermeasures, etc., are compiled in risk management sheets and reviewed as necessary.

- (4) System to ensure that the execution of duties of Directors of the Company is efficient

Regular meetings of the Board of Directors were held once a month. Two extraordinary meetings of the Board of Directors were held, and three resolutions in writing by electronic means were executed. The Board of Directors confirmed the progress of the fiscal year plan, which was formulated in accordance with the Medium-term Management Plan, and targets for the Nippon Shinyaku Group as a whole, on a quarterly basis.

- (5) System to ensure proper business execution within the corporate group consisting of the Company and its subsidiaries

On a quarterly basis, the Director (Chief Administrative Officer) who performs comprehensive management for all subsidiaries provided an overview, etc. on the business conditions of all subsidiaries, while the Directors (Administrative Officers) who manage each individual subsidiary provided overviews of the business conditions and management conditions, etc., of responsible subsidiaries, in accordance with the “Group Companies Management Rules.” Additionally, the directors of the subsidiaries provided progress reports as appropriate at the meetings of the Board of Directors. Compliance training and risk management measures are implemented as appropriate based on the “Nippon Shinyaku Group’s Compliance Operating Rules” and the “Nippon Shinyaku Group’s Basic Risk Management Rules.” In addition, the employee hotline for compliance reporting is operated as a whistleblowing (counseling) contact point for compliance violations. Furthermore, audits are conducted based on the internal audit plan composed by the Internal Audit Department in order to guarantee the appropriateness of business operations.

- (6) Systems to ensure the effectiveness of audits by Corporate Auditors of the Company

The Representative Director and Executive Directors issue reports with respect to performance status at meetings of the Board of Directors attended by the Corporate Auditors. Directors and employees of the Company as well as directors, corporate auditors, and employees of the Company’s subsidiaries comply with requests by the Corporate Auditors to provide required information and cooperate with them. In addition, necessary expenses for auditing are included in the budget and reserved. Furthermore, it is disseminated that parties who issue reports to Corporate Auditors do not receive any sort of detrimental treatment in accordance with the “Nippon Shinyaku Group’s Compliance Reporting System Operational

Regulations.” In addition to holding two opinion exchange meetings attended by the Representative Director and the Board of Auditors, the Board of Auditors and the Internal Audit Department held an audit liaison meeting every month.

2. Basic Views on Eliminating Anti-Social Forces and Status of Related Efforts

In order to prevent any involvement in the Company’s management activities by anti-social forces and organizations, and also to prevent the damage due to such forces, the basic views of the Company have been established in the Nippon Shinyaku Group’s Code of Conduct.

The Company has established a responsible department to deal with issues related to anti-social forces, appointed personnel in charge of countering unjustified demands, and promotes activities in cooperation with regional corporate defense countermeasures associations, other related organizations, and related departments at the police headquarters, etc., in order to properly respond to anti-social forces.

We endeavor to gather information from regional organizations and related departments at the police headquarters to share such information with relevant parties within the Company through the documentation and distribution thereof. For information on specific cases, response procedures are compiled in a manual which is utilized for the education and training of internal relevant parties. Furthermore, we hold a conference for representatives of all domestic business sites, at which training sessions are provided based on a manual and other materials, and representatives from the Company’s head office are dispatched to carry out workshops upon the request of business sites and related subsidiaries as occasion demands. As for the efforts within the Company, we ensure that report is made to confirm that we have not accommodated any requests for illegal profits from any specific shareholders or any other shareholders, and that there have been no illegal profits offered by anti-social forces, etc. On the other hand, in the case that such illegal profits are detected, we ensure that report is made immediately to the responsible department and take necessary countermeasures.
